

## **Create a Personalized Dining Experience With the Somerton Dwelling Open Seating Collection**

**Corona, CA., April 16, 2016** – No reservations are needed with the Somerton Dwelling Open Seating lifestyle dining collection. Pick your favorite regular or counter height table and a chair or two along with a server to create a customized dining look that fits the life you love. There are no rules, combine any finish or fabric, upholstered chairs or wood chairs, what's right is what you like.

**Here are a few examples:**

Dark Chocolate Cherry finish is the special on this traditional dining menu. The **Benjamin** table with shapely turned legs and two handy storage drawers pairs up beautifully with **Crawford's** shapely turned legs, classic urn-shaped back and neutral pinstripe seating.

Or for a totally different more relaxed look, use the **Bryson** Reserved White table with six **Cora** chairs in Robin's Egg Blue to create a refreshingly brighter statement. The **Marlowe** server in the back of the room is ready to assist at a moment's notice. His built-in power outlets make it easy to plug in serving appliances.

For a more intimate dining experience consider the **Maxx** dining table with a statuesque column base supporting a dark Peppermill finish round table top. This classic table would work with most chairs but for a more updated approach try using the stream-lined **Jarah** chairs with slim Vanilla Stick finished legs and soft micro suede fabric along with the **Manning** server in a lighter Weathered Driftwood finish.

Parisienne with savoir-faire! Ready for any social occasion, **Pierre** is known for his antique brass-capped feet and rich Morning Coffee finish highlighting his tall slim legs and stylish scalloped apron. Set him up with **Bridgette** chairs for a “magnifique affaire.”

Break from tradition with the **Luis** table accented with high fashion **Brooklyn** chairs. Luis’s warm and inviting Hot Cocoa finish is highlighted by a pewter finished stretcher bar base and inlaid parquet top. Mix chairs with a richly textured Navy Blue fabric, button-tufted back and long lean Driftwood finished legs for dining comfort that lasts all evening.

**Amos** counter height table takes dining to new heights with a blend of clean lines, a square contemporary shape and a Hot Cocoa finish to create an attractive style statement. Spacious 48" square table with drawer storage is ideal for dining or after dinner games. Add **Myka** counter height chairs with attractive Chocolate Cherry legs and Platinum woven fabric for an uptown sophistication.

**Amos** also works well with other tall chairs from the Open Seating Collection. Use fun chairs like the A to Z **Petra** for a touch of whimsy. The striking black and white fabric and sleek midnight finish legs also creates an interesting mix for the Carson counter height table below.

**Carson's** shapely scrolled legs, luscious Chocolate Cherry finish and center leaf is all about new traditional good looks. Set up as a round table for everyday living and add the leaf to make an oval table for larger festive gatherings. **Molly** chairs are a natural fit for Carson with Pewter fabric seats and delightful Chocolate Cherry finished frame.

Need an extra hand? The Open Seating versatile servers: **Pike, Marlowe, Manning** along with Griffith and Prescott (not shown) are ready for storing and entertaining. But the dining area is not the only place for these stars. They are at home in the foyer, family room and even the bedroom. Pike has a removable top serving tray that makes breakfast in bed a must. Marlowe's secret electrical outlet easily changes him into a home entertainment console with the TV and components plugged into him. And Manning offers sliding glass display doors so all can appreciate your prized treasures.

The Somerton Dwelling designers have created the 22 Open Seating chairs and eight standard tables, six counter height chairs and four counter height tables along with five servers to blend seamlessly together.

Stop in the Somerton Dwelling showroom, IHFC C-1156 at the High Point Market to see the entire collection. Remember, Somerton Dwelling is readily available to all of your readers. Visit [somertondwelling.com](http://www.somertondwelling.com) to buy online with white glove delivery. More choices will be added to the website in May.
